OUR SEED LABORATORY

We have had a Seed Laboratory for years to check and test the seed we buy and sell. This is for your protection and ours, and we know you appreciate the great value of this. Our analyst, Earl Lott, is a Registered Senior Member of the Society of Commercial Seed Technologists. His tests are acceptable to ASC in all states and to other agencies. There are only 107 Senior Analysts in the U. S., and we have the only one in Ala.!

WE FURNISH TESTS FOR ASC IF WANTED.

WE DO COMMERCIAL TESTING ALSO. May we do some for you? You will like our accuracy, promptness and reasonable rates. Show lot numbers on your representative samples. Mark them for "Seed Laboratory." We shall make complete tests unless you specify only purity or only germination. Will send you envelopes for mailing samples to us upon request.
